
Vacancy Notice

Title: Full-time professor

Field of Knowledge: Civil Engineering and Project Management

Specialty: Construction Project Management, BIM, Infrastructure Digital Twin

Organizational Unit: Department of Civil and Environmental Engineering

Primary location: Universidad de las Américas Puebla at San Andrés Cholula, Puebla. México

URL: www.udlap.mx

Type of contract: Fixed term

Salary: Commensurate with qualifications and experience

Fringe benefits: Health insurance, pension and retirement benefits

Teaching load: 6-8 courses per year, depending on research productivity

Overview of the functions of the position

We are looking for a new colleague with Ph.D. degree who can promote the best practices in construction project management and digitalization of infrastructure within academia. The applicant will teach, conduct research, or provide consultancy in their area of expertise. Essential responsibilities include:

- To teach between 6 and 8 courses per year, determined by research activity, at the undergraduate and graduate levels and lead instructional activities specified in the approved curriculum and in the faculty bylaws. These activities include lecturing, leading seminars, individual and group tutoring, writing and grading exams, grading papers and reports, and conducting and supervising evaluation activities
- To coordinate an academic area
- To participate in departmental and school activities, including meetings, committees, course and program evaluation, curriculum development, and grant preparation
- To provide academic support and advice to students
- To undertake cutting edge research in order to contribute to the intellectual UDLAP's mission
- To participate in the National System of Researchers (SNII - Sistema Nacional de Investigadoras e Investigadores)
- To publish research achievements
